

*“Children, gems of my eyes, you must think about this ...
If we need to commune ...with that Truth, with God,
this is the way we must commune - not with this form.
... This form cannot communicate there.
There is no form there. Only Light exists in that State.
Only Light can communicate with Him.
Power can communicate with Power.
Truth can communicate with Truth.
Plenitude can communicate with Plenitude.
The Father must communicate with the Father.
The Soul must communicate with the Soul.
Wisdom must commune with Wisdom.”*
